Mr. Bishop do you realize what you just did? Did you read your own email.

OMG June 10,2009 can't come fast enough!

Did you bother to check the time on your email.

My response time was less then 3 hours you really are in your own world.

You told the DA's office i would get time to look at the map.

Well call the cops I'm comming in wheather you or anyone likes it or not. Yes i did set aside bail.

Mrs. Dix see what I'm dealing with. You thought you knew who you were dealing with.

Sad mistake. Treaspassing is a misdeanor so max bail is 2000.00 then its my turn.

I will send copies of this to all interested parties and Base officals . and the News.

Rick!See what i mean.

Hey Pete looking forward to seeing you.

Mr. Pace,

District staff is not at your beck and call. I gave you ample opportunity to reply and set a time at your convenience to view the very same map that is attached to this e-mail and that also has been on the District's website for quite some time.

The District considers your open records act request satisfied.
